Silvia A. Hoffman

Partner

As a founding Partner of MKSD architects, Silvia is attributed with setting the high standard for the design work produced by our office. She works closely with MKSD's staff to ensure that the architectural ideas developed for our projects are thoughtful and creative while meeting our clients' needs. Silvia's project involvement spans the length of the project, from early design concepts to handing the finished product to the client. She is committed to making each client feel as if he or she was our only client. Silvia is always looking for innovative ways to move the practice forward, and her commitment to client collaboration is a critical part of the success of our projects.

Silvia is a registered Pennsylvania architect and a LEED accredited professional and has 17 years of experience in designing all types of facilities, from Colleges and Universities to healthcare facilities. Silvia graduated from Lehigh in 1994 with a Bachelor of Arts in Architecture and a Minor in Urban Studies. She then went on to North Carolina State University where she obtained her Master of Architecture in 1997. In addition to being an accomplished Architect, Silvia serves on the Northampton Area Community College Foundation Board, is an Eastern PA Easter Seals Board Member and is involved in numerous other trade associations.

In her free time, Silvia enjoys spending time with her husband (especially preparing for their yearly Lehigh V. Lafayette Football Rivalry Tailgate and Game) and keeping up with her two pre-school daughters, whom she credits with making her a very good long distance runner.
